This Evening's Meditation Concert (June 23)
is dedicated to the rising tide of Courage & Truth.

Dear Friends,
One day I asked a gaping emotional wound in someone's life how the wound wanted to feel. This was a pivotal moment in my journey, learning to deepen into my own ability to sit with another's pain. I realize now, that when I asked this painful emotional pattern how it wanted to heal, I opened the doorway for the consciousness within it to communicate with both myself and the client in a new way.

I did not tell it to leave, nor did I tell it to change or to be happy. I realized that there was a consciousness within the pattern that was in some way serving the person it was attached to. My role, as a healer, was to facilitate the forward motion of the pattern, by tapping into the pattern's consciousness, and giving it permission to follow its own journey, in whatever way was in agreement with the person's Soul.

It seems so simple, but this has become my underlying assumption; that no matter how awful, how painful, how destructive something seems, there is a consciousness within it that has an agreement with one or more Souls to be present and engaged with them. Trying to change the pattern, especially according to human beliefs about what is good, merely gets in the way of the

it's innate knowing of how it relates to these (our) Souls. By my asking a pattern what its next step is, and how it now relates to a Soul, it has permissions to move and change, according to its own wisdom.

Please join me this evening for an hour of musical meditation and deep silence as we join our hearts together, creating a Sacred Space in which divine guidance might enter each of us.

Meditation Concert of Sacred Chant in Candlelight

Norma Gentile, sound shaman (and friends)

[Atmaram Chaitanya](#) (tambura & harmonium)

[Nathan Correll](#) (Tibetan bowls & gong)

Norma brings her voice and a few musical friends together in an evening of medieval chants by Hildegard and songs that arise spontaneously from the combined meditational energies of those present in the room. These improvised songs are particularly potent for healing and transformation, as they arise out of the connection between Norma's guides (Archangel Michael, Mary and the Hathors) and your own guides and angels.

Norma is joined by Atmaram Chaitanya on harmonium and tambura, and Nathan Correll on gongs and Tibetan bowls

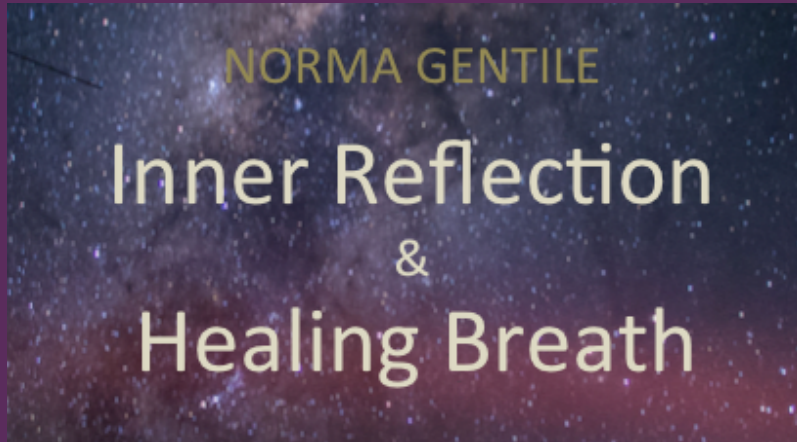

Norma Gentile received her master's in Voice Performance and subsequently studied esoteric healing and shamanism, including trips abroad to record and work with specific land energies and individuals. She brings her expertise and natural healing abilities into her musical offerings. You can listen for yourself at her website: www.healingchants.com
