Generate Stillness, Make Peace

Dear Friends.

Peace is the result of inner stillness, connection and knowing oneself. When we spend time being who we are, we generate the quality of stillness that makes peaceful actions more appealing than violence. Please consider joining me this Saturday for a phone meditation, and also voting for my song, Unveiling Peace.

Please Help Spread Healing Music

I'm currently 8th out of 600 for a chance to record with Yo-Yo Ma on Sony Records. This would allow a healing song to go world-wide in mainstream media. The **voting ends Sat Jan 10th** at noon, EST (New York City time). Anyone anywhere can vote. Please pass this onto your email list, and posting it to any chat groups or healing forums. More about this is later in this newsletter.

Can you Help spread Healing Music?

If you know of others interested in helping please forward them this email. Everyone can vote for this song, regardless of where you live. Voting ends on January 10th, 2009 at noon, EST (New York City time)

Dear Friends in Healing and Music;

I have a rather curious situation, and I am asking everyone that is interested in healing if they would consider lending me a hand. Or in this case, an electronic vote.

I had the impetus to enter a rather bizarre 'contest' to get a recording session on Sony Records with Yo-Yo Ma. The resulting recording would go into mainstream media, world-wide. Whatever healing energies carried by the song will go out beyond the 'new age' into mainstream radio, CD players, and mp3 downloads across the world.

And so far, it is working. And I need help to finish.

The song I wrote and recorded is based on Dona Nobis Pacem, and I used a Buddhist chant, Om Tara, invoking the feminine aspect of compassion, along with an improvisation from my guides. I call the song:

Unveiling Peace;

Two chants for Compassion from East and West

Here is the link to listen and to vote: <http://www.indabamusic.com/submissions/show/4769>

This is a 'contest' based on popular votes. So please spread the word to everyone who would enjoy the idea of a sound shaman (healing musician) getting the opportunity to record a song that will go world-wide. There are about 600 people entered, and I've moved up to number 8. So this is very possible.

I had a strong sense to enter this 'contest', and I like what I ended up recording - it represents me, and yet follows the composition rules that were set out.

At a deeper level this isn't about my winning. It is about stepping through a doorway so those of Spirit who work through me and other musicians can be felt by people listening to mainstream media. Whether that happens by my winning or because some executive from Sony or another record label hears the song or notices the voting...it is all fine with me!

If you feel you can help by putting this out to a mailing list or passing it onto discussion groups or

similar, please do so. Anyone anywhere in the world can vote. You may vote 'early and often' from all and any emails you might have.

The voting continues until Jan 10th, at noon, New York City time.

Thank you so very much!

-Norma Gentile
