www.HealingChants.com

Songs from Spirit, improvised in the moment,
and medieval healing chants by Saint Hildegard of Bingen

with guest musician

Atmaram Chaitanya

Tambura & Harmonium

Norma Gentile is a sound shaman. After earning her Master's in Voice Performance, she returned to her native ability to see auras, and began incorporating energy awareness into her performances and teaching. Born out of her own experience, she is developing tools to help other healers, singers and actors use their voices, bodies and energy skills with more ease. Her Musical and Meditation CDs will be available at the reception after the concert.
