My guides (Archangel Michael, Mary, the Hathors) and I will share:

- Incorporating sound to magnify Reiki and other healing modalities through group toning and breath.
- Ideas to help you connect with your guides with greater accuracy. This helps to avoid fatigue, may resolve chronic physical issues, and increases the clarity of the information you receive.
- Releasing out-of-time guides and old family guides that ride in on the DNA
- Special Sound Healing created specifically for the group by my guides and the guides of those present using Tibetan Singing Bowls, my voice and your voices.

People who have done this workshop with me say afterwards that they feel much lighter and are able to perceive subtle energies around them more clearly. I share examples of how to use your voice and instruments more effectively, and discern what are genuinely your own emotional and physical body issues to heal, what belongs to another, and how to know when you (or they) are ready to heal them.

Sat & Sun, Oct 23-24 Private Healing Sessions (Evanston area)

Includes both information and energy healing from your guides and Norma's guides, Archangel Michael, Mary and the Hathors. Norma is very good at helping to lift off heavy energies and get chronic issues to begin to move. \$185, an hour, recorded for you. norma@healingchants.com or 734-330-3997
